Date of birth: 01/11/2003

NENSI MECALLA

Education:

- **Msc. Artificial Intelligence** *(March 2026 – July 2026)*
Techincal University of Applied Sciences Wurzburg-Schweinfurt (THWS)
- **Msc. Artificial Intelligence & Data Science** *(Nov 2025 – June 2027)*
Faculty of Natural Sciences
- **Bachelor on Computer Science** *(October 2022 – June 2025)*
Faculty of Natural Sciences

Experience:

- **Driverless Software Engineer**
Mainfranken Racing e.V. – Formula Student Driverless *(Apr 2026 – June 2026)*
(Shweinfurt, hybrid)
 - C++ and Python, using ROS within a dual-OS setup
 - Environment perception, path planning, and autonomous track navigation
 - Trained and worked with AI models for detecting track cones and color markers using **YOLOv5**
- **Trainee on QA Path** *(Sep 2025)*
Deloitte
(Tirana, on-site Internship)
 - Completed training on Salesforce app
 - Test Case Design & Execution
 - Bug Tracking & Reporting

- **Backend Developer Intern (Java/Spring Boot)** *(Aug 2025 – Sep 2025)*
JSolutions
(Tirana, on-site Internship)
 - Spring MVC
 - Spring Data JPA / MySQL
 - Spring Security (authentication)
 - JUnit (unit testing)

Training Courses:

- **Machine Learning A-Z: AI, Python & R (Data Science Course)** *(Nov 2025- Dec 2025)*
Udemy (Remote)
 - Data Classification
 - Classification & Regression
 - Natural Language Processing and Deep Learning
 - Model Selection & Boosting
- **Full-Stack JAVA Developer Course** *(Jan 2025 – Oct 2025)*
The Software Development Academy
(Tirana, on-site)
 - Java (Core, OOP, Collections, Design Patterns)
 - Spring Framework (Spring Boot, Spring Data JPA, Spring Security, REST APIs)
 - Angular, Front-end technologies & frameworks
 - Database Management (MySQL, PostgreSQL, Hibernate/JPA)
 - Software Testing, Advanced Features
- **The Complete 2024 Web Development Bootcamp** *(Jan 2024 – Oct 2024)*
Udemy (Remote)
 - React.js
 - RESTful APIs
 - jQuery
 - Git, Version Control
 - Security Handling

Portofolio:

- ArtIntellect, an end-to-end AI system for artwork style classification using deep CNNs, transfer learning with flexible architectures, Grad-CAM explainability, and a Flask web application for real-time inference.

<https://github.com/Nensi2003/ArtIntellect/tree/main/ArtIntellect>

- **Inventory-Management-System a full-stack web application** using Java (Spring Boot) for the backend and Angular , TypeScript, HTML, and SCSS. for the frontend, featuring secure user authentication with JWT, full Spring Security configuration, and robust validation for all API endpoints. Integrated MySQL for persistent data storage.

<https://github.com/Nensi2003/Inventory-Management-System>

<https://github.com/Nensi2003/frontend-repo>

- **Java based console-application** that integrates with the AccuWeather API to provide weather forecast allowing users to retrieve information about locations (regions, countries, and cities) and get weather forecasts for specific cities over different time spans. The app is structured into **services, DAOs, DTOs, entities and POJO layers**.

<https://github.com/Nensi2003/Weather-Application/tree/main>

- **Online Blog full-stack web application** that allows admins and users to create, manage, and explore blog posts with an integrated admin panel. Built using **PHP, MySQL, HTML, CSS, and JavaScript**, the platform implements complete CRUD functionality. The system is designed to run on a local XAMPP server

Certificates:

- **“Smells like AI Spirit”** Masterclass & Battle Royal (1st place)
- **“Adriatic Virtual World”** International Student Hackathon on Innovative solutions in AI, XR and Gamification
- 10th Albanian Science and Engineering Fair (Gold Medal)
- COGITO Science Olympiad (Gold Medal)
- 13th Albanian Science and Engineering Fair (Bronze Medal)
- Mathematics Core and Extended Module
- The Complete Full-Stack Web Development Bootcamp

Soft Skills & Methodologies:

- Agile & Scrum
- Problem-Solving
- Team Collaboration & Communication
- Fast Learner
- Adaptability

Languages:

- English (C1)
- German (A1)
- Chinese(A1)
